Good Morning Commissioners:

I have received notification from a representative of Dakota Access indicating that a welder on Spread #9 (near Williston) cut his finger on Saturday while performing activities associated with the project. The individual was treated off-site for the injury (six stitches) and immediately returned to work.

Per the Certification to Order Provisions attached to the Order in this case (provision #27, see below), Dakota Access is required to notify the Commission within five business days when an injury to any person occurs.

- 27. Company understands and agrees that it shall advise the Commission of any extraordinary events which take place at the site of the transmission facility, including injuries to any person, or the death of any threatened or endangered species on the site within five business days of such event.**

Please let me know if you would like me to obtain any additional information concerning this incident.

Thanks,  
Julie
